   1. Discussion on the Small Business Stabilization Grant Program
   
   This portion began at 00:11:30 of the audio.
Mr. Mach the county has embarked in a rapid response project to assist small local businesses suffering due to the COVID-19 pandemic. Small businesses within the County with five employees or less were encouraged to apply. Grants will be up to $5,000.00. A Scoring rubric is in effect in order to assist in funding decisions. 105 full applications received as of last Friday with the application deadline of Monday May 18, 2020 at 4pm. 23 applicants withdrew due to previous loans that were disqualifying factors of receiving other federal loans. Chairman asked which commission would be reviewing the funding decisions? Mr. Mach stated that it could be discussed with Public Health and or the Finance and Audit Commission. Chairman can be talked about at a later time. Mr. Mach stated that $350k is available. A Commissioner asked how the funds would be disbursed to the businesses. Mr. Mach stated that any expenses are approved through the auditor’s office by providing them with proper documentation.

2. Program Year 2020 CDBG and CARES Act CDBG-CV funding hearings
25:54 of the audio.

Mr. Mach informed the Commission that the Pioneer Homeless Shelter anticipated opening date is the week of June 8, 2020. Due to the Pandemic the Crystal Lake Willow Creek Church assisting with housing the homeless was been shut down due to not properly being able to separate clients. The Pioneer PADS site on Kishwaukee has not been able to accept new individuals either due to safety concerns. In response, the Community Development Division stepped in and placed homeless individuals in motels. The County has received a $102,000 grant from Illinois Department of Human Services for temporary motel use. Community Development staff with the help of TLS have been working in housing homeless individuals by June 1st 40+ individuals will be housed. Mr. Mach presented as one of three panelist for the National Community Development Association discussing the use of CDBG funds during the pandemic. Mr. Mach went on to discuss funding opportunities that have been mentioned by HUD regarding the available funds to come.

4. OLD BUSINESS

1. Staff update on CDBG/HOME projects and ongoing plan developments

This portion of the meeting began at 0:02:04 of the audio.

Mr. Mach began the presentation by stating that McHenry County will be awarded the National Community Development Association (NCDA) Audrey Nelson Community Development Award on January 31st, 2020 in Washington DC. Cary Senior Living, an affordable housing project, is starting to lease units and plans to have an open house soon. The Community Development Division will be releasing a Neighborhood Revitalization Strategy Area (NRSA) citizen participation comment period for 30 days after which CDBG concept papers will be released the two propose areas assuming no objections are received from the community. Another important development project currently in progress is the development of the year round homeless shelter site. Between Mental Health Board and CDBG funding there is roughly $700,000-$800,000 in funded allocated to the project. Bids for the initial ground work have been received and came in a little bit above estimated costs. A request will be made for the remainder of the bids to ensure there is enough available funding to complete the project.
2. Staff update on Lead-Based Paint/Healthy Homes Grant

This portion of the meeting began at 0:05:44 of the audio.

Mr. Mach introduced the newest Community Development Specialist Andrew Stuckey who will primarily be working with the Lead Based Paint grant program. Currently the division is in the process of developing the steps for the first 60 days of the grant, policy and procedure measures for the 42 month program, and conducting the tier 1 environmental review for the program. Commissioner Draffkorn asked if Mr. Stuckey will have to attend any training. Mr. Mach stated that he will be traveling to Winnebago County will be holding a training for lead inspector eligibility and then other necessary training if they are available.

5. NEW BUSINESS

1. Resolution on Revising 2018 & 2019 HOME Funding allocations to McHenry County Housing Authority

This portion of the meeting began at 9:00 of the audio.

Mr. Mach began by introducing Kim Ulbrich, Executive Director of the McHenry County Housing Authority. The McHenry County Housing Authority would like to use the HOME funds that were allocated to them as Owner Occupied Rehab project towards Tenant Based Rental Assistance in order to assist low to moderate households with affordable housing. Ms. Ulbrich explained that they have other TBRA programs similar to this and hope to address very very low income people who can move from. Continuum of Care process to hopefully live independently and receive rental assistance for 24 months. The McHenry County Housing Authority will leverage Community Service Block Grant funding for security deposit and first month rent. Mr. Hans added that the Owner Occupied Rehab funds would have served about three households with repairs of about $50,000-$60,000. Resolution was moved by Sue Draffkorn and seconded by Richard Grammer. A commissioner asked how many families would be assisted using TBRA to which Ms. Ulbrich responded that they are estimating seven to nine families but it would depend on how much help they need and whether they will need the assistance for the total of 24 months. Commissioner Draffkorn asked if they are re-evaluated to determine assistance once they received it. Ms. Ulbrich stated that they will be at lease renewal and someone will be working with them throughout the project. Commissioners as a whole approved the resolution change.

RESULT: RECOMMENDED BY VOICE

2. Overview and discussion on April 8th CDBG Funding meeting

This portion of the meeting began at 13:00 of the audio.

Mr. Mach mentioned that while the NRSA allocations will be a separate meeting there are a number of CDBG applications which means the upcoming CDBG funding meeting is looking like two days of hearings unless the commission has other ideas. Mr. Zachary Klehr stated that currently there are about 30 Concept Papers for CDBG funding. Mr. Mach added that they will be expecting more concept papers if the NRSA gets accepted. Commissioner Grammer asked if there are new applicants or the same ones. Mr. Mach stated that there are a lot of repeat applicants, but there are also a couple new ones. Chairman Smith stated that reviewing the Concept Papers and trimming the list down would be a good idea to avoid wasting the commission’s time. Mr. Mach stated that they will provide a list with a brief synopsis to the Commission so they can review and can determine how to proceed. Chairman Smith agreed.
3. Overview of Hearing Schedule and funding deliberations

This section of the meeting began at 17:40 of the audio.

Mr. Mach began by reviewing the HOME Investment Partnerships program (HOME). The program was developed in 1994 with the purpose to develop affordable housing throughout the community. Typically projects are looking at 60% or less of area median income in contrast to CDBG which falls between 50-80% limits. Projects generally funded through the HOME program are affordable housing programs, such as down payment assistance programs, Tenant-Based Rental Assistance programs, and development of affordable housing units. Down payment assistance programs can be standalone programs with a collaboration with a bank in order to bring necessary funds together for the individual to find housing. Typically HOME programs are targeted at areas where affordable housing is not generally available by using an analysis of impediments study. We are staying away from owner occupied rehabilitation programs due to the fact that once you open a wall, the exact cost of the project may suddenly increase due to the requirements of having to bring the building up to code. There is 15% set aside for a Community Housing Development Organization (CHDO), and Habitat for Humanity is the only applicant qualified this round so an automatic allocation is provided to that project. Chairman Smith asked how much in HOME funds will the County receive. Mr. Mach responded that $550,000 was received the prior year; however, there is a possibility that there would be a 9% increase. The actual allocation amount has not been released. $44,000 in funding was left over due to Pioneer center withdrawing its TBRA funding from 2019 allocations. This funding must be reallocated to another TBRA program and can be used immediately. The remainder of the funds will be 2020 funding which will be available October 1, 2020. Another small amount is also available to allocate, $550,000 were allocated last year, but HUD ended up allocating $563,000 to McHenry County so an additional $13,000 is available after reducing 10% for administration and 15% for CHDO set aside.

4. 2020 HOME funding hearings

Home of The Sparrow began their presentation at 00:24:00 of the audio. Debbie DeGraw, Vice President of Marketing and Liz Hennecks, Vice President of Program Services, were the presenters for the TBRA program.

At 0:42:00 of the audio Mr. Klehr provided the commission with information of how the deliberation portion of the meeting would go.

Consumer Credit Counseling began their presentation at 00:44:00 of the audio. Bobby Gatone, Maureen Gates and Nichole Stretser were the presenters for the Down Payment Assistance for Sustainable Homeownership program.

TLS Veterans began the presentation at 01:05:56 of the audio. Laura Franz, Executive Director for TLS Veterans, and Paul Anderson, TLS Case Manager, were the presenters for the Veterans Supportive Housing program (TBRA).

Clearbrook began their presentation at 01:16:50 of the audio. Dom Fricks, Vice President of Operations, and Beth Saenz, Assistant of Operations, were the presenters for the Kingsport CILA Rehab Project.

Audio paused for a brief break after the presentation at 01:32:00 of the recording. Meeting resumed moved by Roger Naylor and seconded by Richard Adamson.
Habitat for Humanity of McHenry County began their presentation at 01:32:27 of the audio. Jerry Monica, CEO/President of Habitat for Humanity of McHenry County, was the presenter for the Habitat Builds McHenry County, 2020-2021 program.
